

Gerardo Garza

Software Engineer

Edinburg, TX | gigarza31@gmail.com | (956) 207-5198 | gerardogarza.tech

EDUCATION

University of Texas Rio Grande Valley

Edinburg, TX

Bachelor of Science in Computer Science

Dec 2023

- **Relevant Coursework:** Algorithms and Data Structures, OOP in JAVA, Software Engineering I & II

Projects

Game Night (<https://github.com/sniperz/GameNight>)

- Led the development of a web application using React, resulting in a responsive and user-friendly interface for the end user.
- Designed and implemented the front-end of the application using Tailwind CSS, resulting in a consistent and modern design language across the site.
- Ensured the application was fully responsive and optimized for use on both desktop and mobile devices, resulting in a seamless user experience across multiple platforms.

Spotify Dashboard

- Gained experience working with APIs and handling data requests from a third-party service.
- Learned how to authenticate users and manage their access to data, including sensitive user information.
- Developed skills in web development using JavaScript, HTML, and CSS, as well as front-end framework React
